SYNOPSIS.
THE CITY. Fresh chicken thefts large
and unidentified in West End. Large
majority of convention delegates will
today support Butler for Mayor—Kern
repudiates the walking delegates and
makes peace with Snyder. Albert
Kraus, ostensibly drowned at Long
Beach, comes to life under arrest in
Mexico. "Buncoed" Rogers tells Chris-
tian people why and by whom crimes
are committed. James Powell held up
by newboys. Hood possible successor
of Markham as Espee Coast super-
intendent. Double bump of crowded
cars. Annual hobo influx begun.
Sectional fight between the two
territories. School board expects annex-
ing two country districts. Spook Doc-
tors Chebro convicted of practicing
without city license. George W. Hel-
lison, chief of police, in hospital in City.
Sellers, M. and M. and M. and M. and
charities. Sierra Club hedge to be
carried to Old Baldy's summit. Mother
of boy who won salute flag gets ad-
vice. Anti-shock. Anti-shock. Anti-shock.
and initiative may be tested. Wealthy
mining man sued on poker loan. No
superstitions, says Park Commissioner.
"Prospective" purchases. National
bankruptcy. National bankruptcy. Na-
tional bankruptcy. National bankruptcy.
and squandered wealth back of "More
divorce." Money wanted for Children's
Playground.

rious Riots in Vilna Reported, Incident to Mobilization.

**REPORTS THAT MIKADO'S FORCES ARE WORKING AROUND
RUSSIANS CAUSES CONCERN—CZAR EXPRESSES CONFIDENCE
IN KOURAPATKIN'S ABILITY TO BREAK THE ENEMY—SE-
RIOUS RIOTS IN VILNA REPORTED, INCIDENT TO MOBILIZATION.**

MUKDEN, Oct. 27, 10:15 p.m.—
[By Asiatic Cable.] News has
just been received here that the
Japanese yesterday resumed the of-
fensive on the east front and made a
slight advance.
It is rumored that the Japanese have
taken all the Russian positions at Er-
dagou, between Huanian and Finda-
gou, on the road from Mukden to Bent-
slapuz.
The artillery firing on the Russian
left, which began yesterday and lasted
during the night, has spread south.
The weather has again cleared up
and is much better for active opera-
tions. The days are warm and sunny,
but the nights are cold and some of
the Russian troops whose winter over-
coats have not arrived are suffering
from the cold.
Suspicious movements of the Japa-
nese have been observed west of the
railroad. The Chinese say positively
that the Japanese are preparing to
turn the Russian right or break
through a vulnerable point of the
lines.

FACING EACH OTHER.
[BY THE ASSOCIATED PRESS—A.M.]
WITH THE RUSSIAN EASTERN
ARMY, via Mukden, Oct. 27.—The
heavy firing last night and this morn-
ing was only the artillery exchanging
shots.
Both lines are now facing each other
without outpost.
MUKDEN, Oct. 27.—There was a
reconnaissance in force last night by
the Russian western flank and de-
tailed firing continued until 3 o'clock a.
m. The Japanese were discovered to
be hurriedly fortifying along the whole
front line, but this does not, of course,
preclude the possibility of an attack
by them. It is the general opinion
here that serious events will not de-
velop for some days, but judging by
the hurried manner in which the Chi-
nese are settling their military affairs
in Mukden they are of a different op-
inion.

TO END BLOODSHED.
[BY THE ASSOCIATED PRESS—P.M.]
BUDAPEST, Oct. 27.—(By Atlantic
Cable.) In the lower house of the
Hungarian Diet today Francis Kos-
suth, president of the Independent
party, introduced a resolution calling
on the Premier to urge the Austro-
Hungarian Foreign Minister to sup-
port any diplomatic action on the part
of the United States tending to put
an end to the bloodshed in the Far
East.

NO FIGHTING WEDNESDAY.
[BY THE ASSOCIATED PRESS—P.M.]
VIENNA, Oct. 27.—The Foreign Of-
fice believes that nothing is likely to
result out of the present subject of
the proposed new peace conference at
The Hague. It points out that, apart
from the widespread opinion that the
time is opportune, the war in the
Far East is constantly opening new
and important questions of interna-
tional law which cannot be satisfac-
torily dealt with until hostilities are
over.

SAKHAROFF'S REPORT.
[BY THE ASSOCIATED PRESS—P.M.]
ST. PETERSBURG, Oct. 27.—(By
Atlantic Cable.) Gen. Sakharoff tele-
graphs that no general fighting oc-
curred October 26.
CONFIDENCE IN KOURPATKIN.
[BY THE ASSOCIATED PRESS—P.M.]
ST. PETERSBURG, Oct. 27.—Two
imperial decrees are published in the
Official Messenger this morning, the
first of which is covered by Viceroy
Alexis's order of the day announcing
the appointment of Gen. Kourapatkin
to the chief command of the Russian
forces in the East.
The second is addressed to Gen.
Kourapatkin as Commander-in-Chief
of all the military and naval forces
at the scene of war. It concludes with
these words:
"Your military experience, strength-
ened by your action in Manchuria,
makes me feel confident that you will
break the obstinacy of the enemy's
forces at the head of your glorious
army and will thereby assure to Rus-
sia peace in the Far East."

CHEFOO LACKS NEWS.
[BY THE ASSOCIATED PRESS—P.M.]
CHEFOO, Oct. 27.—No further news
has reached Chefoo concerning the op-
erations at Port Arthur.

RIOTS IN VILNA PROVINCE.
[BY THE ASSOCIATED PRESS—P.M.]
ST. PETERSBURG, Oct. 27.—(By
Atlantic Cable.) Serious riots are
reported to have occurred in the
province of Vilna. Gen. Ridesvsky,
the new head of the police depart-
ment, has hurriedly proceeded thither.
INCIDENT OF MOBILIZATION.
[BY THE ASSOCIATED PRESS—P.M.]
MOSKOW, (On the Desper, Rus-
sia) Oct. 27.—There have been no an-
ti-Jewish riots here, strictly speaking,
as reported in some quarters, but con-
siderable disorders with army reserve
men have occurred in connection with
the mobilization. Drunken peasants
in the streets attacked houses and
shops, and most of the local traders
being Jews, they suffered, but the

**REPUBLICANS COUNT
THE BATTLE AS WON.**
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, Oct. 27.—[Exclusive Dispatch.] The Republican
National Committee announced today, through Senator Nathan B.
Scott, second in command to Chairman Cortelyou, that the po-
litical battle is about over, and that President Roosevelt has won.
Scott completed his work as head of the Speakers' Bureau today, and
will leave tomorrow for his own State, West Virginia, where he will
put in a week making speeches for the ticket.
This afternoon, Senator Scott sent for the newspaper men at pa-
tional headquarters and bade them good-by. When all had assem-
bled in the Senator's private office, he said to them:
"The battle is over, and victory is ours. My work is about com-
pleted, and I will leave tomorrow for West Virginia, where I hope to
help out the State and national ticket by making a week of speeches."
"I wish to thank the newspapers for their treatment of me during
the campaign. They have treated me better than I deserve, and my
only regret is that I could not have given them more news."
Senator Scott emphatically reiterated his claim that the President
will be elected. His statement issued last week was so sweeping
that Democrats laughed at it, but the Senator stood by his guns. He
said today he expected the President to get 306 electoral votes, and
that he might get as high as 314. The latter figure is the one named
by Grosvener, the Ohio representative, who concedes to the Demo-
crats only a few States outside of the Solid South.

**SUBWAY
IS OPEN.**
**Gotham Celebrates
the New Era.**
Forty-million-dollar Engi-
neering Achievement a Suc-
cess in Every Detail.
Mayor McClellan Starts the
First Train With Crowd
of Noted Guests.
Great City Makes a Holiday
and Takes a Ride.
Project's History.

NEW YORK, Oct. 27.—[Exclusive
Dispatch.] Greater New York's
grandest engineering achieve-
ment, the great white rapid transit
subway, thirteen miles long and
with four tracks nearly the en-
tire way; costing \$40,000,000, and
finished within thirty days of
schedule time, tonight is a reality.
Assembly 2:34 o'clock this afternoon,
Mayor McClellan turned the silver
controller at the station under City
Hall Park, and the first regular train,
bearing six hundred distinguished
guests, was off on the journey to One
Hundred and Forty-fifth street. Over
head, tens of thousands of enthusias-
tic citizens gave a mighty cheer, a
thousand whistles on land and bay and
river turned loose a joyous, thunder-
ous toot that shook the Statue of
Liberty. Wall street suspended busi-
ness for the afternoon, and the bro-
kers opened old bottles so rapidly that
the popping was like a miniature ar-
tillery duel.

Among those on the first train were:
Cornelius Vanderbilt, Henry Cleve,
Perry Belmont, Nicholas Murray But-
ler, President of Columbia University;
Chancellor McCracken of New
York University, Alfred B. Conkling
and S. Uchida, the Japanese Consul,
as well as members of the Board of
Aldermen and the heads of city de-
partments.

The whole city made merry over the
great occasion. Beginning at early
noon, crowds flocked to City Hall
Park for the festivities. Old City Hall,
which has given the city service for
over a hundred years, was literally
hidden beneath the national colors.

OPEN TO THE PUBLIC.
When the subway was thrown open
to the public, at 7 o'clock this eve-
ning, there was hardly a station be-
tween City Hall and Ninety-sixth
street which was not thronged with
people anxious to get the first ride
through the tube. At some of the
downtown stations the rush was
great, hundreds of persons who ordi-
narily go to their homes between 5:30
and 6:30 o'clock having waited until
7 in order to ride in the subway. In
spite of the rush, the preparations
made by the Interborough officials
were so splendid that the crowd was
perfectly handled. Express and local
trains came up exactly on schedule
time. What confusion there was was
due to the delays in selling tickets,
which could only be sold one at a time.

At almost every station there was
at least one man who wanted the dis-
tinction of being the purchaser of the
first ticket. At some stations there
were two or three "first-tick" men,
and of course this resulted in some
rivalry. In some cases, the "first-
tick" man, as soon as he got his
patent, made for the street with it,
or else fell in at the tail end of the
line and bought another ticket for his
ride, keeping the first ticket as a so-
venir.

FINEST IN THE WORLD.
New York's great subway is the
finest in the world. As many as 12,000
men were employed daily in its con-
struction. The average force at work
from its start was 4100 daily. Five
miles of the system runs over viad-
ucts. There are eleven stations on
these viaducts and thirty-three under-
ground. When in full operation, it is
expected that 300,000,000 passengers
can be carried yearly. The ground
was broken for the road March 25,
1900, in front of the City Hall by Mayor
Robert A. Van Wyck, and it has
taken 1275 working days to complete
the work. Best of all, not a whisper
of scandal has attached to the ex-
penditure of the forty millions of
dollars.

Exercises marking the completion
of the main artery of Manhattan's
subway and the formal transfer of
the contractors to the city were held in
the City Hall today.

At the conclusion of the exercises,
Mayor McClellan and guests marched
to the City Hall subway station, where
a special train was awaiting them.

AT NEW YORK HOTELS.
NEW YORK, Oct. 27.—[Exclusive
Dispatch.] At the Astor, F. W. Beau-
de Sart and wife, Park Avenue, Mrs.
W. Clark; Grand Union, A. W. Skir-
ner and wife, D. Parkhurst and wife,
J. M. Nissen; Barboldt, J. P. Cudde-
back and wife; Albert J. N. Hays;
Fifth Avenue, Dr. R. W. Hill; Victo-
ria, Raymond and wife; Park Avenue,
C. E. Ide of Redlands.

BATTLE OF CARNATIONS.
[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, Oct. 27.—[Exclusive Dis-
patch.] The old-time rivalry between
the millionaire flower lovers, Harlow
N. Higginbotham of Chicago and
Thomas W. Lawson of Boston, will
reach a climax at the Chicago Flower
Show in a battle of carnations. The
"Mrs. Thomas W. Lawson pink," for
which the author of "Frenzied
Finance" and determined foe of the
Standard Oil Company, paid \$30,000,
several years ago, and named for his
wife, will be opposed in the race for
the honor, and in the opinion of many
experts, outstripped by "Flanco," a
new variety for which Higginbotham
paid \$10,000 and named in honor of
his daughter, who was then the fiancé
and is now the wife of R. T. Crane, Jr.

Higginbotham tried to buy the "Law-
son pink" before it became the prop-
erty of the Boston millionaire. The
Chicagoan's chance came, however,
when Fred Dornier, the veteran horti-
culturist of Lafayette, Ind., produced
a wonderful variety of pink, one of
whose blooms are larger than those
of Lawson and whose beauty sur-
passes it, it is claimed, in every way.

REPUBLICANS IN THE HOUSE.

Majority of Thirty Figured
Out for Them.

Chairman Babcock Expecting
a Gain in the East.

Fairbanks "Shoves" Missouri.
Pointer to "Aunties."

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 22.—[Exclusive Dispatch.] Chairman Babcock of the Republican Congressional Committee is preparing a careful detailed forecast of the Congressional elections, which will be made public in a few days. It was said at the Congressional Committee headquarters today that the forecast will give the Republicans practically the same majority in the next House that they have in this, with the indications pointing strongly to a slight increase. A careful canvass of all Congress districts has been made, and the committee knows with a fair degree of accuracy what to expect in each.

The committee is prepared for losses in several Republican districts in the Middle West, but will gain ground in the East, that will more than offset any losses in other sections. The members of the committee all agree that they will have a majority of thirty in the next House.

EX-ATTY-GEN. BECK.

POINTER FOR THE "AUNTIES."

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Oct. 22.—Former Assistant Atty-Gen. James M. Beck, in an address to the Republican Club at Princeton University, has discussed the work of the Department of Justice in enforcing the Sherman anti-trust law, and talked at some length on "Imperialism."

"I feel to find in any portion of the Constitution or in any tradition of the fathers," he said, "that the Pacific Coast was to be the ally and end of all our national career. He who would forever keep the republic in her swaddling clothes should first convince that if he were to do so, he would be the most powerful nation in the world, he would advise it to stand aside for lesser and weaker powers."

FAIRBANKS ON THE BORDER.

GIVES MISSOURIANS ADVICE.

(BY THE ASSOCIATED PRESS—A.M.)

JEFFERSON CITY, Mo., Oct. 22.—Senator Charles W. Fairbanks, Republican candidate for Vice-President, is touring the State of Missouri, accompanied by National Committeeman Thomas J. Atkins of Missouri, former United States Senator W. E. Mason of Illinois, and John E. Swanger, Republican candidate for Secretary of State of Missouri.

GOOD-SIZED CROWDS.

(BY THE ASSOCIATED PRESS—A.M.)

JEFFERSON CITY, Mo., Oct. 22.—Senator Charles W. Fairbanks' tour across Missouri. During the morning the Senator addressed good-sized audiences at Jefferson City, California, Tipton, Sedalia and Windsor. His speech at Jefferson City was, in part, as follows:

"If Republican policies are sound and wholesome, we should make sure to continue them. We can make sure of their continuance by Republicanism in the different States. It is not

only important to have in control at Washington a Republican administration committed to the doctrine of the Republican party, but the Republican party should be in control in those great States of the country which have a future, and there is no State in this country which has a greater future than Missouri.

"Nature has given you abundant natural resources, fields of limitless fertility, mountains filled with valuable ores, and an inexhaustible supply of coal. All these natural elements are awaiting development by the people of the State. You have the genius, the enterprise and the capacity to utilize them if you adhere to certain policies. The policies the Republican party have increased the wealth of all the States more than Democratic policies ever have. There is no offense to anyone in that suggestion. You will find it confirmed by past experience."

AT SPRINGFIELD, MO.

(BY THE ASSOCIATED PRESS—A.M.)

SPRINGFIELD, Mo., Oct. 22.—From the banks of the Mississippi River at Hannibal, Mo., Senator Fairbanks' special train today swept through the State of Missouri to the Ozark Mountains, where he will spend the day campaigning with a speech before a great crowd at Springfield. The speaking at Hannibal took place in a tent which was packed with an enthusiastic audience. Former Senator Mason of Chicago and National Committeeman Atkins of Missouri accompanied Senator Fairbanks today, and made brief addresses at many points. Tomorrow night the Senator will speak in Cincinnati.

LOYAL TELEGRAPHERS.

STAND BY THE PRESIDENT.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 22.—[Exclusive Dispatch.] At a Republican rally attended by 600 telegraphers held under the auspices of the Roosevelt-Fairbanks Telegraph League, at Knabe Hall, Fifth avenue and Twentieth street tonight, C. P. Brush, secretary of the Postal Telegraph Company, president of the Western Union Telegraph Company, and William H. Baker, the first vice-president and general manager of the company, addressed the meeting.

Brush said the telegraphers had nothing to complain of as to their treatment at the hands of the present administration, and in favor of the continuance of the Republican party in power.

WEST VIRGINIA SENTIMENT.

MOODY FINDS IT REPUBLICAN.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Oct. 22.—[Exclusive Dispatch.] Atty-Gen. Moody, who has been on a stamping trip through West Virginia, came back today and put this crimp in the Democratic expectations of carrying that State:

"I am unable to give an opinion as to West Virginia from my own knowledge, but the Republican leaders with whom I have talked are all of the opinion that the masses are soundly confident as to the outcome. They place the Republican plurality anywhere from 25,000 to 35,000."

POLITICAL NOTES.

PARKER BACK TO EUROPE.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Oct. 22.—Judge Parker left the Hotel Seville today for Europe. Chairman Sheehan of the National Executive Committee was an early-morning caller.

PERRY RESIGNS

PRESIDENCY.

(BY THE ASSOCIATED PRESS—A.M.)

CHICAGO, Oct. 22.—The purchase of the National Bank of North America by the Continental Bank, which was announced late last night after a meeting of the directors of both institutions, is effective at once. This action comes as the climax to changes connecting the name of President Isaac N. Perry of the National Bank of North America with the famous burning of the Chicago Car and Locomotive Company's works at Kewauqua, October 3.

The directors of Perry's bank had been in session almost continuously since Monday, considering the insinuations against their president, while they expressed confidence in Perry's integrity and were willing to accept his statement that the charges against him had been made by enemies for the purpose of ruining him, the fear that the publicity given to the case might have injurious effect on the bank is said to have led to the negotiations which ended in the merger.

The National Bank of North America guarantees all the accounts, and it is understood that, based upon the character of the assets, the ultimate price will be worked out. If the book value of \$125 per share of the North American proves to represent sound assets, the price, nearly as could be found, will be between \$150 and \$175 a share. The stockholders will receive approximately \$17 a share above the book value.

The transfer of assets will be made today, and customers of the National Bank of North America will go to the Continental for the transaction of their business. As to the working force of the North American, Vice-President Reynolds of the Continental said early today: "We temporarily shall take over the junior officers and employees. We are under obligation to retain any of them, but we shall gradually find the people needed."

Early today the directors of the North American gave out the following resignation of President Perry, which they had refused to accept:

"To the Board of Directors: Gentlemen—In view of the fact that the charge of arson had been publicly made against me and that I feel that no person so accused, however innocent, should further continue in the position of president, I therefore resign my position as president of the National Bank of North America, and respectfully invite upon your immediate acceptance of my resignation."

"Respectfully,"

(Signed) "ISAAC N. PERRY."

The resolution refusing to accept the resignation states that the board firmly believes in Perry's innocence of the charges made against him, and that the state of the bank has been largely due to his personality and efforts.

With the consolidation of the Continental and the North American, the combined largest bank in Chicago, the combined deposit was over \$55,000,000. The Continental is known locally as the institution in which the Armours are heavily interested. Its president is John C. Black. Some years ago it absorbed the International Bank and the Bank of Commerce, both State institutions.

WATER AND DRAINAGE.

Owens Valley and the Salt
River Projects.

Phoenix-Roosevelt Road Hurt
by Recent Floods.

The President's Birthday—
Reply to Judge Tynar.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Oct. 22.—[Exclusive Dispatch.] The engineers of the reclamation service in California have made a varied and thorough examination of the land and water conditions of Owens Valley in that State and reports of the chief engineer indicate that this valley has particular merits to favor it as an advantageous location for irrigation projects. Among these are mentioned an abundance of water power, fertile soil, congenial climate, near-by markets for all agricultural products in Topopah and Goldfield, and a possible outlet to Los Angeles in the future.

The total area of the valley is roughly estimated at 260,000 acres, of which 75,000 are first-class land; 50,000 are second-class, 30,000 third-class and 75,000 are fourth-class land. The first and second-class land is of value as soon as the water is supplied. The third-class land will need drainage and washing, and will require considerable work to bring into shape, and the fourth-class land is too rough for irrigation, or is waste from some other cause.

This estimate would indicate that there is more land than water for irrigation, and the problem will therefore be to select the most desirable land. Little difficulty should be experienced in such selection, however, as the alkali land lies in a more or less continuous belt along the lower parts of the valley, and probably will be allowed to lie in its present condition, as it furnishes a certain amount of pasture in salt grass, and its present owners claim that it is quite valuable for winter feed. It is probable that if irrigation systems are confined to the lands at present holding water rights and to such new lands as are in a good position for irrigation, and which will require minimum expenditure for drainage, all the land for which there is water can easily be found. Should the volume of available water exceed the present expectation, all land susceptible of irrigation that could be supplied would be reclaimed, as the kind and amount of alkali which the land contains would undoubtedly permit of reclamation.

Owens Valley is suffering at present from an overabundance of water. Thousands of acres are damaged by seepage water, and some system of drainage is as desirable as more extensive irrigation. Large areas of swamps could be drained and rendered fit for cultivation and the water thus developed on the upper lands would prove available for irrigation of lands lower down in the valley. Should the long valley dam site prove a good one and surveys be ordered, it is probable that a study of the character of these return waters would be made.

SALT RIVER FLOODS.

DAMAGED THE PHOENIX ROAD.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Oct. 22.—[Exclusive Dispatch.] Extreme high water in Salt River, caused by the September floods, damaged the Phoenix-Roosevelt road, built in connection with the Salt River irrigation project, to a considerable extent. On long portions of the road where it was expected no work would have to be done, mud was deposited to a depth of from two to four feet, making it almost impassable. The bed of the channel shifted, and a large amount of material was deposited at various points, raising the general surface in places some three or four feet. Up to October 1, eight summits had been reached, with the exception of lining, and work on the upper portion of the headworks was completed.

EPISCOPALIANS

AS PATRIOTS.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON (Mass.) Oct. 22.—[Exclusive Dispatch.] A new patriotic society has just been organized here by the delegates to the Episcopal convention, just closed. It will be known as "The Order of Jamestown, 1607," at Boston.

WATER AND DRAINAGE.

Owens Valley and the Salt
River Projects.

Phoenix-Roosevelt Road Hurt
by Recent Floods.

The President's Birthday—
Reply to Judge Tynar.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Oct. 22.—[Exclusive Dispatch.] The engineers of the reclamation service in California have made a varied and thorough examination of the land and water conditions of Owens Valley in that State and reports of the chief engineer indicate that this valley has particular merits to favor it as an advantageous location for irrigation projects. Among these are mentioned an abundance of water power, fertile soil, congenial climate, near-by markets for all agricultural products in Topopah and Goldfield, and a possible outlet to Los Angeles in the future.

The total area of the valley is roughly estimated at 260,000 acres, of which 75,000 are first-class land; 50,000 are second-class, 30,000 third-class and 75,000 are fourth-class land. The first and second-class land is of value as soon as the water is supplied. The third-class land will need drainage and washing, and will require considerable work to bring into shape, and the fourth-class land is too rough for irrigation, or is waste from some other cause.

This estimate would indicate that there is more land than water for irrigation, and the problem will therefore be to select the most desirable land. Little difficulty should be experienced in such selection, however, as the alkali land lies in a more or less continuous belt along the lower parts of the valley, and probably will be allowed to lie in its present condition, as it furnishes a certain amount of pasture in salt grass, and its present owners claim that it is quite valuable for winter feed. It is probable that if irrigation systems are confined to the lands at present holding water rights and to such new lands as are in a good position for irrigation, and which will require minimum expenditure for drainage, all the land for which there is water can easily be found. Should the volume of available water exceed the present expectation, all land susceptible of irrigation that could be supplied would be reclaimed, as the kind and amount of alkali which the land contains would undoubtedly permit of reclamation.

Owens Valley is suffering at present from an overabundance of water. Thousands of acres are damaged by seepage

Bargain Friday Nov. 28

Remnant prices

Chances to Economize Which You Can't Afford to Overlook

Economy is the keynote of our Bargain Friday Sales. The merchandise featured for these end-of-the-week clearance movements is priced in many instances at far below the cost of manufacture. There's a reason for such extreme measures and that reason is perfectly clear to anyone possessing any knowledge whatsoever of merchandising. Remnants, short lines and broken assortments are never worth regular prices. When a piece of goods sells down to a short length the value decreases to a degree in proportion to the length of the piece. To the consumer a remnant is just as valuable as the same length of material cut from a full piece, providing the length can be used to advantage. The dealer, however, must make liberal price concessions to clean up short pieces and broken lines. That's the story of our Bargain Friday sales. There's an opportunity to save on every article offered for these weekly clearance sales.

blocked street, dirt and all the annoyances incident to a work of such magnitude have been forced upon them, but today, when swift-moving express trains glide through the miles of brilliant, tile-lined tunnels, and the dream of "From the City Hall to Harlem in fifteen minutes" has a reality, there remains only the pride in the accomplishment which was manifested in the ceremonies of the opening.

A THING OF BEAUTY.

The term "tunnel," with its generally conveyed meaning of a dark underground passage, is ill applied to the subway. It is not only a means of transportation, but a thing of beauty. In the whole project, the aesthetic has been kept in mind, and it represents the highest type of such work. Throughout, it is lined with vitreous glass tiles, the ironwork is lustrous, and as far as possible has been de-

CHAPTER XVII.

INTERVIEWS.

On the next day after the ar-
rival at Memphis, there came a mes-
senger from the city to the
prisoner, and he returned to his
apartments.

He had read he was glad
and welcomed himself, for his
imprisonment was over.

He was not surprised to find
that the messenger was not a
reminder of the past, but a
sign of the future.

SCIATIC TORTURE.

Pain Suffered by Mr. Marston as
Great as Mortal Can Stand.

For Six Months He Could Not Turn in Bed.
No Tonic or Remedy Which Has
Given Perfect Relief.

Most sufferers from the acute and
persistent tortures of sciatica regard
themselves as prisoners to pain for
life. The case of Mr. Marston shows
that sciatica can be cured, and no one
afflicted by it should allow himself to
be discouraged. He was first strick-
en about a year ago, and for six
months he suffered pain, which he
thinks the most intense that any man
could possibly stand.

Asked about the details of his re-
markable recovery, Mr. Marston gave
the following account: "I was at-
tacked by a numbness or dull feeling
just back of my right hip, and every
step I took after that caused me
pain. I didn't know what the matter
was, but thought it was simply a stiff-
ness that would wear away in a short
time. It didn't, however, and soon
the pain became so very bad that
every step was torture for me. When
I finally succeeded in getting home
it was just as much as I could do to
reach my room and get to bed.

The doctor was sent for, and when
he had examined me he said I had
sciatica. He prescribed for me and
advised me not to try to leave my bed.
The advice was unnecessary, for I
couldn't get out of bed if I wanted to.
It was impossible for me to turn
from one side to the other. The
moment I attempted to move any
part of my body, the pain became so
excruciating that I would have to stop
and lie perfectly motionless.

"I suffered this torture for six
months without getting any relief.
Then I discharged the doctor, and on
the advice of a friend I bought a box
of Dr. Williams' Pink Pills and began
to take them, three or four times a
day. I was determined to give them
a thorough trial.

Two months after I began to use
them I was able to leave my bed and
walk about the house, and a month
later I was entirely cured and able
to go about my work as usual. I
honestly believe that if I had used
them at first, I would have been cured
still more quickly. I think Dr. Wil-
liams' Pink Pills are the best medi-
cine I ever used, and I heartily recom-
mend them to anyone who suffers
from sciatica.

Mr. Marston is a prosperous farmer
and may be reached by all who de-
sire further particulars, by mail ad-
dressed to Charles P. Marston, Hamp-
ton P.O., New Hampshire.

Dr. Williams' Pink Pills are equally
successful in curing other painful
nervous disorders such as neuralgia,
partial paralysis and locomotor ataxia,
and diseases of the blood such as
rheumatism. They are sold by all
druggists.

ter of inspection and rarely was the
prisoner addressed.

He expected the return of his mes-
senger in twenty days, but the day of
departure. At the expiration of that
time his suspense and apprehension
became more and more desperate at
the passing of each new day.

Eight days later, about mid-after-
noon, while he lay on his pallet, the
door was flung open and a messenger
stepped without. With a cry, Kenke-
nes leaped to his feet and wrenched
the scroll from the man's hand.

The letter was from Hoteb, convey-
ing such information regarding his im-
prisonment as he already knew. Ken-
kenes read the message calmly, and
then he turned away. Hoteb could
with the man, read the sentence and
bade the prisoner make his choice of
labor.

"Anything, so it will but give me a
glance of the horizon," he said.
"You will pay dearly for that sky-
the keeper cautioned him. The soft-
est labor is within doors. The
give me your choice according to the
command of the Prince."

The jailer shrugged his shoulders.
"As thou wilt, Master. I will follow
the canal workers tomorrow."
(To be continued.)

ment was printed.

SHOE FIRM ASSIGNS.

"Overdue Indebtedness and Extreme
Lack of Business" Cause Stated
by Proprietors.

The Whitaker Brown Shoe Company
has made an assignment to C. W. Ev-
ans for the benefit of its creditors.
Poor location and lack of proper ad-
vertising is doubtless the cause of the
failure. The company was located in
the basement of the Central Bank
building, corner of Fourth and Broad-
way, and apparently depended on its
street sign to bring it business.

"Overdue indebtedness and extreme
lack of business" is the reason given
for the assignment by a member of
the firm. The men associated with the
company are experienced shoe men,
and their idea was to supply high-
grade shoes. The selection of their stock
shows competent buying, but disre-
gard of the well-established maxim
that newspaper publicity is necessary
to the successful conduct of business
is doubtless the greatest reason for
the failure of the firm to win. It was
in business six months.

The stock was sold to the Mammoth
Shoe House, No. 615 South Broadway,
at 75 cents on the dollar.

Charles O'Connor, who escaped a few
months ago from the County Jail, while
serving a four-months' term, has been
captured at Livermore and returned to
jail at San Jose.

GLASSWARE
New Designs
are added each year to the fine stock
of table glassware, fashioned, cut
and engraved by the cunning glass-
craftsmen at work in the shops of
the Dörfingers. Surely no such
beautiful tableware is made any-
where in the world as that
which dealers are proud to
show with the above trade-
mark label on each piece.

This Is the
Boys' Store

The boys' store because we have the largest boys' out-
fitting department in the Southwest. The boys' store
because we have the most complete line of boys' ap-
parel—the boys' store because we give better values
in boys' clothing—the boys' store because we have
special clerks to handle the boys' trade, and they are
adepts at fitting the youngsters. Mothers we guar-
antee you satisfaction in everything you buy here.

School Suits A special line priced at \$5.00. All the latest
styles in both single and double breasted,
plain colors and fancy. Every one perfectly tailored. See them.

Long Pants Suits For tall boys and young men. A full
line, single and double breasted, blacks,
blues and fancy mixtures for school and dress wear. \$7.50 to \$25.

For Stout Boys We have a special line of extra stout suits.
We make a specialty of fitting the boys
that other clothing stores consider hard to fit. We can do it.

Rain Coats A full line for boys of all sizes, even the small-
est. Plain grays, blacks and tans and fancy
mixtures. Popular prices.

Boys' Furnishings Collars and cuffs, shirts and waists,
underwear and stockings, caps and
sweaters, neckwear and belts, and we almost forget to mention
an excellent line of boys' bath robes that we are showing. Just
like the grown-ups wear.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Enough names have been signed to an anti-abattoir ordinance to compel the Council to either pass it without amendment or to hold a public vote of the people as provided in the "initiative" amendment to the city charter.

Improvements to the Children's Playground in the Seventh Ward, involving an expenditure of over \$400, were yesterday recommended by the Park Commission.

Park Commissioner Rice yesterday morning presented a report at the meeting of the board, in which he stated that there is not a superfluous laborer in the employ of the department. The department is under investigation by a special Council committee.

Street Superintendent Weir yesterday afternoon appeared before the grand jury.

Chebro, the spook preacher, was yesterday practicing his occultism without a license in Justice Austin's court yesterday.

Testimony in the Heart murder trial was concluded yesterday with rather a sensational turn. Today arguments to the jury will be begun.

M. E. Finigan had John Barry, a wealthy mining man, in court yesterday in an effort to recover \$200. Justice Young is puzzled to know whether it is a straight loan or a gambling debt.

AT THE CITY HALL.

WILL INVOKE THE INITIATIVE.

ANTI-ABATTOIR PETITION IS NOW SUFFICIENT.

Electors Will Decide at December Election Whether Slaughtering of Animals Within the City Limits Shall be Prohibited by Ordinance. May Mean Test of Initiative.

The City Attorney yesterday advised the City Clerk that the collection of two technical errors in the anti-abattoir petition would remove all questions of the petition's legality. These corrections have been arranged for and the petition asking for the passage of an ordinance prohibiting the slaughtering of animals within the city limits now assumes the form of initiative legislation.

As this will be the first direct test of the initiative in the State the outcome will be watched with considerable interest.

Three months ago a petition was sent to the Council asking that an ordinance be passed prohibiting the slaughter of animals within the city limits. The Council denied the petition.

Then the petitioners employed an attorney to draft an anti-slaughterhouse ordinance. This they circulated in the Sixth, Seventh, Eighth and Ninth wards, securing over 1000 signatures. The ordinance with the signatures attached was filed with the City Clerk.

An amendment to the city charter provides that any proposed ordinance signed by electors equal in number to five per cent. of the total number of votes cast for Mayor at the last municipal election may either be passed by the Council without amendment or submitted to a vote of the people at the next general election. This amendment is known as the "initiative." It is supposed to enable the people to initiate legislation.

The present anti-abattoir agitation had its origin in an amendment passed by the Council last year, amending the present slaughterhouse ordinance so as to embrace a portion of the Sixth Ward. The property owners within the district and residents of Boyle Heights united in a joint petition to the Council to have the part of the ordinance in the Sixth Ward abolished. The Council re-amended the slaughterhouse ordinance, restoring the original limits of the district. But this was not enough; residents of the Eighth and Ninth wards asked to have the slaughterhouse district entirely wiped out.

Enough signatures were secured to the anti-abattoir petition to have compelled the Council to call a special election, but the proponents of the petition did not desire that. They were fearful that not enough persons would go to the polls at a special election, so they timed their petition and limited the number of signatures so that it would be submitted to the people at the municipal election in December.

Passage of the proposed ordinance and subsequent approval by the courts would compel the Cudahy and Meier companies to move their slaughterhouses outside the city. These two companies have about 200,000 invested in plants in the city. The ordinance will make an anti-election campaign against the proposed ordinance, and if they are defeated, they will challenge its legality in the courts. In a number of eastern States the "initiative" has been declared unconstitutional. But its proponents claim that when the amendment as it now appears in this city's charter was prepared they consulted the Supreme Court decisions of eastern States to draw an amendment that embodied the strong points of all the initiatives that had gone before and avoided the errors in form that had proved fatal to the others.

FOR PLAYGROUND.

MONEY IS WANTED.

Mrs. Wiloughby Rodman and Miss Beards, Stoddard yesterday morning presented to the Park Commission a recommendation from the Children's Playground Commission that \$400 be expended in improving and beautifying the strip of land recently purchased by the Council in the Seventh Ward and dedicated as a Children's Playground. The commissioners referred the communication to the Council, with their unanimous indorsement.

Improvements recommended by the two commissions include fencing in the property, planting trees and flowers, laying out a baseball ground and tennis court, and the erection of a pavilion and a miniature convention hall.

Mrs. Rodman said that the proposed improvements would make the grounds attractive to the children and tend to keep the youths off the streets. This playground is the only park in the Seventh Ward. The land was recently purchased by the Council, and a special commission was appointed to look after its improvement.

RICE TO THE RESCUE.

DEFIES LEXXON COMMITTEE.

Park Commissioner Rice yesterday said that the charges of extravagance in connection with the employment of men in the park department are ill founded. He told his fellow-commissioners at the meeting that there is not a superfluous employe in the park department, and that since October 1

the superintendent employed eight men and discharged nine.

Mr. Rice did not explain who had made the charges of extravagance; neither did he tell how it happens that during September the park department employed thirty more laborers than it is authorized to employ by ordinance or Council orders. A special committee appointed to investigate all city departments has already discovered that one-third more laborers are employed in the parks than are allotted to the park department by the Council.

Councilman Parish, as whose request the committee was appointed, recently said that his constituents had informed him that extra men were being employed in the parks "for political reasons."

Before Grand Jury.

Street Superintendent Weir spent a portion of the day yesterday explaining to the members of the grand jury behind closed doors the mystery of the management of the street department. None of the jurymen would discuss last night what had occurred. No experts have been sent as yet to make an examination of the books of the department.

AT THE COURTHOUSE.

WOMAN'S WORD IS DISPUTED.

SENSATIONAL TURN GIVEN TO HEART TESTIMONY.

Witness Appel Knew Her as Mrs. Gross and She Told Him There Were no Eye-Witnesses to Killing of Kerna—Eyes Her Petest Attraction Before.

There is always a woman in the case. In the trial of J. W. Heart for the murder of J. Kerna the woman is Mrs. Gross, posing as the wife of the defendant; and she is a wonder.

Throughout the trial Mrs. Gross, alias Heart, has sat by man's side and has watched keenly and at times smilingly the course of events. While it is true that Heart has an unenviable record, it is no less true that the woman as a woman is an able second.

She had the center of the stage yesterday in Judge Smith's courtroom. The prosecution desired to put Attorney Appel on the stand to rebut certain of the testimony of Mrs. Heart and members of the family. The defendant's wife, pro tem, had not only stated that she was the only person who saw the shooting, but had met Mrs. Kerna afterward going down the stairway with her butcher knife in her hand that had been used by Kerna to threaten Heart, and which mysteriously disappeared.

The prosecution believed that a witness being made to lie it out of court, and Attorney Appel was called in rebuttal. That ended a storm of protest from the defense. Lady Life lifted her voice; Attorney Grove, basso profundo, backed up Attorney Reynert, who gave eloquent denials of the attempt to extort privileged communications from an attorney on the witness stand.

Law books were pulled about and there was argument. Then Appel took the stand. He denied that the relation of client and attorney was established between the woman and himself, or that they existed as a result of her calling upon him to see her.

"When she came to see me," said Appel, "I greeted her as Mrs. Gross, and she said to me that she was the woman known to me as Mrs. Heart, and that Heart wanted to see me at the jail. I inquired for what, and she said she had not seen the trouble he had got into in the papers. I told her then that I didn't want to have anything to do with him, and she repeated that she was and that she wanted me to see him, and I again told her that I didn't want to have anything to do with him. I asked her to tell him that I didn't desire to see him, and she replied that she couldn't do that, for she was just about going to see him."

On cross-examination Appel said he defended Heart once in the criminal department of the Superior Court, and had known Mrs. Gross and her husband—her true husband—who was in his office for a short time.

"Then she naturally turned to you," queried Attorney Grove, "and there was some difficulty about the price, wasn't there?"

"No, she couldn't take any comfort out of that," was the reply, "for I told her that there wasn't money enough to retain me."

In response to a question that was in the nature of a misquote on the part of the attorney, the witness stated that all that Mrs. Heart told him that had a bearing upon the present case was relating to where she stood when the shooting occurred. There the defense got an inkling of what it was "up against," and again it was conceded that the witness was not a client and attorney had existed and that Mrs. Heart was trying to engage the services of the witness.

The prosecution urged that Mrs. Gross had no interest in the case save what might arise from her relation as the wife of the defendant, and she merely went to Appel as a messenger, and was told by him that he would not take the case.

After a great deal of windy talk the court stopped it peremptorily by holding that the relation of attorney and client had never existed between either Heart or Mrs. Gross and Appel. Judge Smith said he was satisfied on the point and Appel went back on the stand.

He said that during his short conversation with Mrs. Gross she told him that neither herself or any member of the family saw the shooting of Kerna, and that none of them were eye-witnesses.

The prosecution dropped the witness right there. The statement caused a white light to shine upon certain discrepancies in the testimony of the defense, which made the statement of Mrs. Gross that she was an eye-witness appear in dubious guise.

With regard to Mrs. Kerna having been met on the stairs carrying the butcher knife, Mrs. Heart herself appeared upon the stand and said that not only did she not have any knife in her hand, but everything was ready for moving. There was nothing around and they had therefore arranged to go to a restaurant for supper.

Other witnesses came forward to tell how they had met Mrs. Heart or Gross soon after the shooting, and she had told them that she was in her room and none of the family were present, and that the first she knew about it was when Heart came in and said that he had shot Kerna.

Of course this kind of testimony did not go in with the jury. She said she had retained Appel as her attorney, but she was difficult about the fee. She denied she had ever said she did not see the killing, and declared she told him she was going out into the street and would see him again.

That going out of town was an indication that she was not a witness.

dental allusion to what Appel had said about her telling him she was going to Fernwood.

Mr. Rice did not explain who had made the charges of extravagance; neither did he tell how it happens that during September the park department employed thirty more laborers than it is authorized to employ by ordinance or Council orders. A special committee appointed to investigate all city departments has already discovered that one-third more laborers are employed in the parks than are allotted to the park department by the Council.

Councilman Parish, as whose request the committee was appointed, recently said that his constituents had informed him that extra men were being employed in the parks "for political reasons."

AT THE COURTHOUSE.

WOMAN'S WORD IS DISPUTED.

SENSATIONAL TURN GIVEN TO HEART TESTIMONY.

Witness Appel Knew Her as Mrs. Gross and She Told Him There Were no Eye-Witnesses to Killing of Kerna—Eyes Her Petest Attraction Before.

There is always a woman in the case. In the trial of J. W. Heart for the murder of J. Kerna the woman is Mrs. Gross, posing as the wife of the defendant; and she is a wonder.

Throughout the trial Mrs. Gross, alias Heart, has sat by man's side and has watched keenly and at times smilingly the course of events. While it is true that Heart has an unenviable record, it is no less true that the woman as a woman is an able second.

She had the center of the stage yesterday in Judge Smith's courtroom. The prosecution desired to put Attorney Appel on the stand to rebut certain of the testimony of Mrs. Heart and members of the family. The defendant's wife, pro tem, had not only stated that she was the only person who saw the shooting, but had met Mrs. Kerna afterward going down the stairway with her butcher knife in her hand that had been used by Kerna to threaten Heart, and which mysteriously disappeared.

The prosecution believed that a witness being made to lie it out of court, and Attorney Appel was called in rebuttal. That ended a storm of protest from the defense. Lady Life lifted her voice; Attorney Grove, basso profundo, backed up Attorney Reynert, who gave eloquent denials of the attempt to extort privileged communications from an attorney on the witness stand.

Law books were pulled about and there was argument. Then Appel took the stand. He denied that the relation of client and attorney was established between the woman and himself, or that they existed as a result of her calling upon him to see her.

"When she came to see me," said Appel, "I greeted her as Mrs. Gross, and she said to me that she was the woman known to me as Mrs. Heart, and that Heart wanted to see me at the jail. I inquired for what, and she said she had not seen the trouble he had got into in the papers. I told her then that I didn't want to have anything to do with him, and she repeated that she was and that she wanted me to see him, and I again told her that I didn't want to have anything to do with him. I asked her to tell him that I didn't desire to see him, and she replied that she couldn't do that, for she was just about going to see him."

On cross-examination Appel said he defended Heart once in the criminal department of the Superior Court, and had known Mrs. Gross and her husband—her true husband—who was in his office for a short time.

"Then she naturally turned to you," queried Attorney Grove, "and there was some difficulty about the price, wasn't there?"

"No, she couldn't take any comfort out of that," was the reply, "for I told her that there wasn't money enough to retain me."

In response to a question that was in the nature of a misquote on the part of the attorney, the witness stated that all that Mrs. Heart told him that had a bearing upon the present case was relating to where she stood when the shooting occurred. There the defense got an inkling of what it was "up against," and again it was conceded that the witness was not a client and attorney had existed and that Mrs. Heart was trying to engage the services of the witness.

The prosecution urged that Mrs. Gross had no interest in the case save what might arise from her relation as the wife of the defendant, and she merely went to Appel as a messenger, and was told by him that he would not take the case.

After a great deal of windy talk the court stopped it peremptorily by holding that the relation of attorney and client had never existed between either Heart or Mrs. Gross and Appel. Judge Smith said he was satisfied on the point and Appel went back on the stand.

He said that during his short conversation with Mrs. Gross she told him that neither herself or any member of the family saw the shooting of Kerna, and that none of them were eye-witnesses.

The prosecution dropped the witness right there. The statement caused a white light to shine upon certain discrepancies in the testimony of the defense, which made the statement of Mrs. Gross that she was an eye-witness appear in dubious guise.

With regard to Mrs. Kerna having been met on the stairs carrying the butcher knife, Mrs. Heart herself appeared upon the stand and said that not only did she not have any knife in her hand, but everything was ready for moving. There was nothing around and they had therefore arranged to go to a restaurant for supper.

Other witnesses came forward to tell how they had met Mrs. Heart or Gross soon after the shooting, and she had told them that she was in her room and none of the family were present, and that the first she knew about it was when Heart came in and said that he had shot Kerna.

Of course this kind of testimony did not go in with the jury. She said she had retained Appel as her attorney, but she was difficult about the fee. She denied she had ever said she did not see the killing, and declared she told him she was going out into the street and would see him again.

That going out of town was an indication that she was not a witness.

and hand were burned and for three weeks it was confined to bed. For the injury sustained \$200 is demanded.

EATON DIVORCE. James W. Eaton was granted a divorce from Clara Eaton by Judge Frank, yesterday, on the ground of desertion. They were married in the East and when Eaton came to California his wife refused to accompany him.

ENOUGH TERRITORY.

Board of Education Opposed to Taking in Eagle Rock and Annandale Districts.

The question of the issuance of bonds to cover the rapidly-increasing school expenditures of the city was to have been discussed at length at last night's meeting of the Board of Education, but more time was granted to the committee that was investigating the subject.

Annandale and Eagle Rock school districts bobbed into prominence again. Monday the petition of these county school districts to be annexed to the city school department of Los Angeles will be heard before the Board of Supervisors. After considerable discussion of this petition last night, the city board developed a sentiment unfavorable to taking in these districts. On motion of Munroe, City Superintendent of Schools, the board was instructed to appear before the Supervisors Monday and oppose the admission of these outside districts. The board is generally of the opinion that it has enough territory on its hands already. It is understood that most of the people in the affected districts oppose annexation.

The following-named teachers were charged from substitute to regular list: Ellen F. Lang, Mrs. Ethel A. Drake, Halide Glasscock, Bertha Brooks, Carolyn Crossland, Emily F. Clark, Susan E. Greening.

Amusing Testimony of a Girl Detective Who Went to the "Mediums" for "Readings"—Dr. K. D. Wise, a Well-known Spiritualist, Calls Names in the Police Court.

A spook who claims to have secured four furnished rooms in Paradise was the silent, invisible feature of the trial of Dr. and Mrs. Chebro yesterday for acting as spook mediums without paying the license tax. They claim to be ordained persons of spiritualism and hence immune from tax-like other persons.

The fortunate spook thus equipped in the spirit world was testified to by a girl detective, Miss Bartels, who secured evidence for the City Assessor against the Chebros.

Mrs. Chebro, who was the medium in question, also said that she didn't think much of the young man with whom the girl detective was keeping company. She suggested that the girl detective bring her a collar button belonging to the swain, and she would lay bare his whole life and past.

This was a sample of the rubbish that filled up the trial. Mrs. Chebro and her wife were called to the witness stand and testified that they only took the dollar fee for readings in the same way that a priest takes a fee for weddings and funerals. Dr. K. D. Wise, who became a spiritualist through his investigations for the Society of Psychological Research of Boston, took the stand for the prosecution. He said that money, except as free-will offerings, does not go well with the religion of spiritualism.

On cross-examination he said he had often taken money from his patients to the priests to get masses said. "What do you say of the priests taking the money from your patients?" demanded the attorney for the defense. "I should say it was the meeting of a fool and a knave."

The jury's verdict was "guilty."

Dollar a Shake.

J. A. Clark was fined \$1 by Justice Chambers yesterday for a technical battery upon P. B. Matheson. They had a dispute over mining stock and Clark grabbed Matheson by the coat lapels and shook him.

Dangerous Jealousy.

James Cooper, a black man, became jealous of his brunette wife and a coon cut him in the ear with a big knife. He was arrested yesterday for battery, as it was he who began the fight.

Cooper's wife had been drinking beer with a fascinating black gent named L. Dixon, and Cooper warned her he would kill her if she did not stop.

Consequently when she passed Dixon on the street yesterday morning she was afraid to speak to him. This made

him so angry, she says, that he drew a knife on her. Her husband came in and a free fight occurred, in which both men drew knives and both were cut.

Cooper was arraigned in court.
